

Maharashtra's first Oracle approved Education Centre starts in Pune

ERP Guru, a brand of Parivartan Solutions spearheaded by Arvind Naik has tied up with Oracle for the launch of '**Oracle Approved Education Centre**' which is the first institute for '**PeopleSoft and JD Edwards**' in Maharashtra and second of its kind in India.

Oracle PeopleSoft and Oracle JD Edwards are popular ERP software worldwide and have above 12,500 installations worldwide. The Pune Centre will be officially inaugurated at the hands of Shri Anand Deshpande, CEO - Persistent Systems amongst other Dignitaries, Heads of various Educational Institutes, friends and well-wishers.

Speaking at the occasion, Arvind Naik, CEO - ERP Guru said, 'It was the need of the hour and a requirement by many Corporates, HR Heads, IT companies and MBA students. PeopleSoft is one of the most sought after skill in today's time and Corporates ask for trained professionals with this skill set.' A professional with this skill set has a greater demand and career opportunities and the Industry is on the look for such professionals'

PeopleSoft and JD Edwards provide tremendous opportunities for technology professionals as well as HR, Finance and other Domain professionals. There is an increasing implementation of these products worldwide and thus, a demand for expert professionals on these ERP solutions especially for Functional Implementers for PeopleSoft HRMS and Financials.

This training centre which has been launched in Pune will cater to the demand in Pune and various towns like Aurangabad, Nashik, Kolhapur as well.

ERP Guru will provide quality education in PeopleSoft for functional and technical Implementers. They have a team of highly experienced trainers with years of experience in PeopleSoft Consulting and training.

ERP Guru offers functional Implementer course in the following areas:

PeopleSoft HRMS Functional Implementer

PeopleSoft Financials Functional Implementer

ERP Guru offers the following Technical Implementer courses:

PeopleSoft Enterprise Business Analyst

PeopleSoft Enterprise Application Developer

PeopleSoft Enterprise Integration Specialist

PeopleSoft Enterprise Reporting Specialist

PeopleSoft installations in the world are moving to India for support and upgrade and re-implementations. Thus, there are ample job opportunities in PeopleSoft and HRMS.

The ERP Guru team consists of project management and business development professionals whose experience will help enhance the training environment. It is the only Oracle Approved Education Centre in Maharashtra and second in India.
