

Speaker compliments Scindia for intervention

Jyotiraditya Scindia, 37, the newly appointed Information Technology and Communications minister, tabled some papers in the Lok Sabha Monday during zero hour. As is his habit now, Scindia spoke in chaste Hindi. When he finished, Speaker Somnath Chatterjee asked him: 'Is this his maiden intervention as minister?' When Scindia sheepishly answered in the affirmative, Chatterjee said: 'I compliment you.'

The scion of the Scindia family thanked the chair before leaving the house.
