

HOV Services Ranked In Top 15 of IAOPS' Global Outsourcing 100

HOV Services, Inc., a proven provider of business process and knowledge process outsourcing solutions announced today that they have received a ranking of 15 on the International Association of Outsourcing Professionals' (IAOP) Global Outsourcing 100 list for 2008. This is the third consecutive ranking for HOV Services within the top 25, and moves HOV Services up nine positions from last years ranking.

The Global Outsourcing 100 and its sub-lists are designed to help companies seek and develop meaningful partnerships with the top organizations in the outsourcing industry. The lists are not isolated to information technology and business process outsourcing providers and serve as the definitive snapshot of the strongest companies across a full spectrum of outsourcing services.

To determine a company's industry ranking, IAOP used four critical characteristics to base their judgments: size and growth; customer references; organizational competencies; and management capabilities. HOV Services received high ratings in all these areas and the top scores for both their Industry Recognition and Outsourcing Experience.

"HOV Services' is again honored by IAOP's recognition of HOVS as a worldwide leader in the outsourcing industry," stated Suresh Yannamani, President and COO of HOV Services. "With the continued expansion of our services into the Knowledge Process Outsourcing space, combined with HOVS' ability to provide flexible end-to-end Finance and Accounting, Risk Management and Content Management solutions across targeted vertical markets, we look forward to further increasing our ranking and delivering ever greater value for our customers in the coming year."

'The companies on this year's Global Outsourcing 100 list represent the elite of our field, hailing from every corner of the globe and providing an extensive array of cutting-edge services," says Michael F. Corbett, Chairman, IAOP. 'The Global Outsourcing 100 list has become the definitive go-to resource that companies use to make better informed outsourcing decisions and comparisons of providers, so it is an extremely valuable resource for both the players named on it and the businesses around the world that use outsourcing services.'

In addition to the overall ranking of 15th in the industry, HOV Services was additionally recognized in the following sub lists: Best 10 Leaders with Employee Presence in India; Best 20 Companies by Industry Focus: Financial Services (Banking, Capital Markets); Best 20 Companies by Industry Focus: Telecommunication; Best 20 Companies by Service Offered: Document Management; and Best 10 Companies by Industry Focus: Health Care.
