

Paltrow thought Hollywood had forgotten about her

Gwyneth Paltrow was eager to get back to acting after she took a break when her son was born because she feared that Hollywood had forgotten her.

Paltrow took a break when she gave birth to her son Moses, reports contactmusic.com. But, insecure about her place in Hollywood, she grabbed roles in 'Iron Man' and 'Two Lovers' when they were offered to her.

She said, 'I really did not know if there would be a place for me. Jodie Foster was right, especially if you are a woman and especially if you are not 25. Hollywood is pretty cut-throat, and everybody has a short memory. There is always someone who is younger or hotter or prettier.'
