

Avalon Academy inaugurates Aviation Training Centres at Dehra Dun, Meerut & Bijnor

Former Miss World Diana Hayden inaugurated the Avalon Academy's Aviation training centres in Dehra Dun, Meerut & Bijnor.

Ms. Hayden , who is Avalon's guest lecturer for training airlines personnel in various aspects, including poise and grace, also conducted a counseling session for the students at all the three cities and apprised them about the role of confidence, personality development, grooming and etiquette in shaping one into a successful aviation professional.

'It does not matter, whether one hails from a small or big city, one should have the zeal to learn and work hard' stated Diana , while speaking to the enthusiastic aspirants.

Stating that aviation industry is witnessing a boom and by 2010, India would have around 1.15 million jobs in this sector, Diana asserted that there are ample of job opportunities in this industry .

Avalon Marketing Head (North), Ritesh Singh said: 'Avalon is committed to bring excellence and professionalism to the realm of cabin crew and ground staff services training. By drawing on our strong training pedigree and in-depth aviation industry insights, we have put together a structured training programme which covers every aspect of a cabin crew/ground staff career.'

Avalon specializes in providing high quality training to aspirants interested in making a career in Aviation, Travel & Tourism industry, as well as preparing students for the corporate world. Avalon's training enhances human asset quality and productivity, and inculcates business and customer orientation, specifically attuned to the requirements of any modern industry. This is all a part and parcel of Avalon's professional approach to training, so as to ensure its students receive the best grounding for a high-flying career.

Avalon Academy has been providing quality aviation training in the country. Today it is present in most of the cities offering world-class infrastructure facilities and training to the students.
