

## Baldwin wants Michelle Obama on '30 Rock'

Hollywood actor Alec Baldwin is desperate to land a very special guest for his hit comedy show '30 Rock', as he's hoping to entice US First Lady Michelle Obama to make an appearance on the show.

The actor wants the wife of President Barack Obama to follow in the footsteps of celebrities such as Oprah Winfrey, Jennifer Aniston and Jerry Seinfeld by featuring on the sitcom, reports [contactmusic.com](http://contactmusic.com).

'I would like Michelle Obama on '30 Rock'. The president is on TV every day, all day. So we want to get something different,' he said.

Baldwin says he has already come up with the perfect storyline for Obama as a potential love interest for his character, Jack Donaghy.

'I think my character falls in love with Michelle Obama, of course. You know, if it doesn't work out with Barack,' he added.
