

Now wine inspired by Madonna

Pop superstar Madonna is the inspiration behind a new batch of wine created by her father.

Tony Ciccone hopes to secure US nationwide distribution for his limited edition Madonna Wine, which comes all the way from Ciccone Vineyard in Michigan, said contactmusic.com. The hand-numbered bottles are signed by the singer, her dad, and feature images from her recent 'Confessions' tour - and will cost \$39.99 a bottle.

Family friend John Russo said: 'It's the best wine Tony ever made.'

Ciccone has been running the vineyard with his wife, Madonna's stepmother, Joan since 1995.
