

## Aniston dating actor named Brad

Actress Jennifer Aniston is reportedly dating an actor named Brad, according to sources close to her.

The former 'Friends' star had a quiet candlelight dinner with the 32-year-old Bradley Cooper, contactmusic.com quoted a source close to Aniston as saying. Actress Drew Barrymore reportedly hooked them up since she was close to both of them.

Aniston, 38, was recently separated from Brad Pitt who is now involved with Angelina Joile. In a bizarre twist, Bradley Cooper recently split from his wife Jennifer Esposito, who appeared in the Oscar winning movie 'Crash'. They were married for just five months.

'Jen was amazed and laughing at the fact that they might have been in a 'Twilight Zone' scene about parallel worlds colliding,' the source said.
