

After Shanghai, Bangla film heads for Toronto fest

Bangladeshi feature film 'Swapnodanay' (On the Wings of Dreams) is all set to take part at the 32nd Annual Toronto International Film Festival (TIFF) beginning Thursday.

Produced by Impress Telefilms Ltd, 'Swapnodanay' is the first Bangladeshi film to be screened at the Toronto film fest, The Daily Star said Tuesday.

This will be the movie's second screening at a major international film event. In June, 'Swapnodanay' was screened at the 10th Shanghai International Film Festival and director Golam Rabbani Biplob had won the Best Director Award in 'Asian New Talent' category.
