The pioneering heads of this project are Directors Jagdish Agarwal, Vijay Agarwal, Shyam Agarwal & Akhil Agarwal.

Jagdish Hotel Pvt. Ltd has been in this industry since 1975 and has launched Orbett Hotels, which is situated at Apte Road. The hotel is one of its kind as its probably the only star hotel that offers International Vegetarian Cuisine.

The Hotel not only has the capacity of 26 Executive Deluxe Rooms & two Suites which are state of the art but also has a big parking space that can accommodate close to 40 four wheelers. The other highlight of the Hotel is the Lounge bar called Satellite that lets one relax and have a good time with family and friends.

The Banquet Halls, Jupiter and Pluto are big enough to accommodate upto 125 people and is an ideal place to have formal gatherings like conferences, seminars as well as informal ones like corporate get togethers and wedding receptions.

Speaking on the occasion, Akhil Agarwal, Director Jagdish Group of Hotels said, 'The unique factor of the hotel is that this is probably one of the first few star hotels that have a well-equipped boardroom to rent out on an hourly basis to corporates. Besides, it is extremely high tech as the entire hotel is Wi-Fi, the rooms are sound proof with special glasses imported from the US and each room has a flat screen LCD.

Further, all rooms are equipped with a massage shower which has been specially imported from Italy. There are different colour combinations for each floor so as to make it easy for the Corporate Guest to realize which floor they are on. The beds have been specially created keeping in mind a good night's sleep and a healthy back for their guests. There are two options - one of the soft beds which one can sink into and the other is of the low and hard bed which few customers would prefer'

The Architect, Milind Nulkar who has been instrumental in designing a lot of five star business hotels has played an active role along with the two local architects, Vikas Achalkar and Manoj Tathuskar in making this project an exclusive one.

They together have put great thought with minute details like the built up of the hotel and the number of rooms on each floor, even the colour combinations are selected with a lot attention. Besides, the air-conditioning and the plumbing facilities are one of its kind in the country. The Group has acquired land in Hinjewadi for their next project, which would be starting off soon.
