

## Macy upset with wife Felicity Huffman

Actor William H. Macy is upset that his wife, actress Felicity Huffman, is stuck with her show 'Desperate Housewives' and that holds him back from fulfilling his ambitions.

Contactmusic.com reports that Macy wants to leave Los Angeles for New York and star in a Broadway play with his wife but they are stuck on Los Angeles. Huffman has to remain committed to 'Desperate Housewives'.

He said: 'My wife is stuck in a hit, so we're not going anywhere for a while. But, as soon as that's over, we're talking about coming back. We want to do a play together.'
